Activities & Events (A&E) Meeting Agenda April 24, 2025

Welcome!

EVENTS

Multicultural Fair April 11

- ❖ Recap
 - High attendance
 - Each booth should be run by at least two or more volunteers
 - Need wayfinding desk/volunteer for the booths who need help during festival
 - The food and activities were plentiful and kept attendees at each stop a little longer. Because of this maybe we require less stamps on the passport (>16) in the future, to earn a spot in the grand prize (globe) drawing.
 - The flow was good, not overwhelming
 - D.A.D.S served 180 meals and could serve more next time
 - Performers were well received
 - Consider providing a way for attendees to carry all of their treats around the festival
- ❖ Several families gave very good feedback
- ❖ Very successful, first time event

Spring Social April 25 (Co-Chairs: Courtney Ware/Elvy Morey)

- ❖ This Friday! Hope to see you there.
- ❖ Parents night out / Cocktails and Dreams Theme
- ❖ Auctions run until April 25. 1st Silent ends at 7:45pm. Live at starts at 8pm at the event and the 2nd silent auction ends at 9:15pm
 - Several special items: Tattoo (available in silent auction) and custom woodworking (silent and live)
- ❖ 4th and 5th grade experiences will be live until May 1.
 - If attendance seems low, send classroom communication to just 4th and 5th grades.

- \$20 per spot

Still need a Fundraising Chair**

Other Business:

- ❖ Suggestions for streamlining Communication and Events
 - DSF communicate/coordinate with D.A.D.S more
 - Possibly schedule large/successful events, every other year
 - Create one area on the bulletin boards in quad where events and volunteer opportunities are posted with date/time and a QRCode for signing up.
 - Consider texting link to Sunday Message

- Create a central page on DSF website, a “How Can I Help” page that stays updated with all volunteer information including how to sign up, be cleared to be on campus and have all Sign Up Geniuses in one place.
 - Consider safety of campus and putting too much on public sites for the general public to have access too.
- A positive of having so many events is that families have options to attend what works with their busy schedules.
- ❖ Prepare a survey for Dailard families before end of school year that includes; Activity and Event Preferences (list all events), communication preferences (example: phone call, email, Class Dojo/Bloomz, text message) Garden Program feedback (collect data to help support keeping Kyle and In-School Garden Program for next school year. Any other questions we can add to the survey in the spirit of streamlining?
